Professional Scrum Master

Accredited by

Scrum.org

01 Course Overview

Professional Scrum Masters demonstrate knowledge and understanding of Scrum and their ability to apply it in real-world situations. The value of certification is intimately tied to the demonstration of knowledge needed to achieve it. By that measure, the PSM assessments are significantly more valuable than available alternatives for Scrum. And, we strive to ensure that they remain valuable and relevant through frequent inspection and adaptation of the assessment content.

The Professional Scrum Master™ level I (PSM I) Course is available to anyone who wishes to validate their depth of knowledge of the Scrum framework and its application. Those who pass the assessment will receive the industry recognized PSM I Certification to demonstrate their fundamental level of Scrum mastery. Taking a course is not required and if you feel that you already possess a high level of Scrum knowledge, understanding of the Scrum Guide and how to apply Scrum within Scrum Teams, you have the option to take the PSM I assessment directly. However, there are courses available to help you prepare for the assessment and gain a stronger understanding of Scrum. Depending on your role, either the 2-day Professional Scrum Foundations or Professional Scrum Master course is highly recommended.

Examination & Certification

If you pass the PSM I assessment you will receive the industry-recognized "PSM I" certification, along with a PSM I logo that you can use to identify your achievement. In addition, your name will be posted publicly for colleagues, managers, and potential employers to see.

Passing Score for the Exam is 85%, Number of Questions 80, Format of Questions - MCQ /True/False, Time - 1Hour

02 Course Agenda

- Help Scrum Teams deliver value to their organization
- Understand the theory and principles behind Scrum and empiricism
